

SMALL ASKS SUPPORT FOR CANDIDATES

WANTS MEN ELECTED WHO ARE FRIENDLY TO HIS ADMINISTRATION

Addresses Gathering of Good Roads Boosters at Pana—Governor Says That Hard Roads Will be Built in Districts Which Elect Administration Men to Legislature

PANA, Ill., March 1.—Governor Small appealed to the voters of Illinois tonight to rally behind the state administration standard and support candidates for the legislature "who will stand with your governor and vote for measures which will sustain and uphold him."

It was the governor's first speech of the campaign for the administrative legislative slate, and possibly the only speech he will make before the April 11 primaries unless his trial at Waukegan ends abruptly or is continued beyond the primaries, according to his close friends.

Governor Small declared that his indictment was not only the result of Attorney General Brundage's bitter spite and an attempt to ruin the governor and discredit his administration, but was also a plot to keep him tied up in court to curb his activities in the legislative campaign this year.

BRYAN THEORIES ARE OPPOSED BY N. E. A. SPEAKERS

Uphold Teaching Evolution in Public Schools

(By The Associated Press)

CHICAGO, March 1.—Attempts to suppress by law the teachings of the doctrine of evolution and other scientific theories in the public schools were vigorously opposed today by speakers at the annual meeting of the National Educational association.

Recent writings and lectures by William Jennings Bryan urging a "back to the bible movement" with alleged efforts of legislators in Kentucky to pass a law against the teaching of Darwinism were viewed by educators as representing an attempt to submit methods of the dark ages for modern public schooling.

"Opposition to the theory of evolution," declared Professor Edwin Seligman, of Columbia University, "expressed the ideas of the childhood of society. Now if we are going back to childhood, let's go all the way. Let's teach that the earth is flat and that the sun moves around it."

Professor Seligman suggested as an effective way of evolution, the preparation of an exhibit containing the remains of extinct dinosaur and other exhibits of animal life including the horse and his ancestor of varying numbers of toes—all showing the proofs of evolution thru the ages. Such an exhibition, he said, could be carried on a special train to "the hitherto sections of the country where it is most needed."

Mr. Bryan was characterized by the professor as a "medievalist."

A policy of truth expression, it was stated by R. G. Jones, superintendent of the public schools of Cleveland, could end only in absurdity.

"If those who are opposing the teaching of evolution want to see their movement completely discredited," Mr. Jones declared, "all they had to do is to continue their fight for suppression."

"The effort to support and defend the Bible thru legislation," it was pointed out by Dr. Frank E. Spaulding, head of the department of education of the graduate school of Yale University, "strongly suggests a wavering faith on the part of the advocates of such measures."

"Those who are sound in the faith," asserted Dr. Spaulding, "know that the unhampered effort to extend the knowledge of truth in every direction can only confirm the truths of the bible that have stood unshakable thru the ages."

ACTION OF HOUSE COMMITTEE MAY TIE UP U. S. NAVY

Reports Out Bill Carrying Only Half of Sum Asked

(By The Associated Press)

WASHINGTON, March 1.—Necessity of tying up every ship in the navy for lack of fuel to permit operation faced the navy department as an immediate probability tonight due to an action of the house appropriations committee in reporting out today a deficiency item of \$5,200,000 for naval fuel to be used during the remainder of the fiscal year. This sum is about one-half of the original fuel deficiency estimate submitted by the department.

As drawn by the committee, the bill does not provide for an additional appropriation but merely authorizes the department to spend money it might be able to take from other current appropriations for fuel up to the limit set.

Naval officials are known to regard the situation as serious. There were indications that orders must go forward to all parts of the navy most immediately under which no ship would be permitted to operate under steam.

The remainder of the fiscal year, unless administration officials were successful in inducing congress to make more liberal fuel provisions.

While the navy department has authority under existing law to create deficiencies as an emergency matter, the policy of the administration is against the practice and Secretary Denby proposes to keep expenditures of his department within limits of appropriations.

Action of the appropriations committee of the house is generally regarded as forecasting closely ultimate action of congress. In presenting the fuel deficiency situation to the sub-committee, naval appropriations, Secretary Denby pointed out that the original estimates for the current year were \$27,000,000 which was ultimately reduced by the department to \$20,000,000 and cut by congress to \$17,500,000. Of that sum, only \$14,000,000 was available for fleet fuel and Mr. Denby explained that should every ship now in commission remain at anchor throughout the year, the total fuel bill to keep them under necessary steam in port would amount to \$12,850,000, which would leave the navy only \$1,150,000 for operations under way against \$13,500,000 requested for the 1922 year.

Steps taken to save fuel included cancellation of combined fleet maneuvers, abandonment of the regular full power trials conducted annually for all ships as a test of engineering personnel and engines, and the cancellation of all maneuvers operations except during target practice.

Destroyers are now reduced to a maximum of eight hours steaming a month to save fuel and capital ships to a maximum of five days steaming a month. To keep within the deficiency limit indicated by the appropriations committee today, it is said that even when cleaning allowances must be suspended and every ship from battleships and destroyers to naval transports and tugs, be kept idle at anchor.

CAMP GRANT LAND BACK TO OWNERS

WASHINGTON, March 1.—The house today agreed to the conference report on the bill enabling the secretary of war to complete the acquisition of title to certain tracts of real estate taken over under war time expansion of facilities. The senate, having already agreed to the report, the measure now goes to the president.

The house refused to yield on its proposal that no further action be taken looking to the government securing title to tracts aggregating 587 acres in the Camp Grant, Illinois reservation. This means that the land in Camp Grant affected must be restored to its original owners despite the fact that it embraces many camp buildings and officers' quarters.

PREDICTS PASSAGE OF COMPENSATION BILL

ALTON, Ill., March 1.—Criticizing the financial leaders of the country whom he charged with being responsible for the opposition to the soldier bonus legislation, Hanford MacNider, national commander of the American Legion in an address tonight confidently predicted the passage of the bill which he termed a "readjusted compensation bill."

MUSCLE SHOALS PROJECT WENDS ITS WEARY WAY

Committees Are Still Considering Proposals for Plant

(By The Associated Press)

WASHINGTON, March 1.—Little progress was made in congress today by committees engaged in the consideration of proposals from private enterprises for the completion, operation, lease and purchase of government projects at Muscle Shoals, Alabama.

The senate agricultural committee still was unable to reach a decision on the question of how many senators will visit the shoals territory or when they will go and only a forenoon meeting was held by the house military committee on the proposals submitted by Henry Ford for purchase and lease of the shoals properties. This meeting was devoted to a legal discussion between Hubert H. Cant, chief counsel for the Alabama Power company and Representative Oliver, Democrat, Alabama, as to the legality of the contract held by the company giving it the exclusive right to purchase the steam power plant at Warrior in event the government should dispose of its interests there.

Mr. Dent and Representative Oliver were unable to agree on interpretations of laws regulating the condemnation of private lands or they gave the courts or legislative bodies decisive authority in such cases and whether officers of the ordinance bureau of the war department had authority to sign contracts like that negotiated with the power company.

Mr. Dent gave the committee to understand that his company would take its fight to the courts if necessary.

NAVY DEPARTMENT TRYING TO SAVE ANNAPOLIS CLASS

Some Favor Retiring Old Officers and Putting in New

(By The Associated Press)

WASHINGTON, March 1.—The navy department stepped forward today in an effort to save the naval academy graduating class from being forced to walk the plank in June.

Taking cognizance of a movement in congress to turn the 541 members back to civil life, Secretary Denby, Rear-Admiral Wilson, superintendent of the Academy and Rear-Admiral Washington, chief of the bureau of navigation insisted before the house naval committee that they were needed, that the three other classes should be permitted to graduate according to schedule and no reduction be made in the number to be admitted next fall.

Because of the unrest among the 2,272 men at Annapolis, Admiral Wilson declared a speedy decision ought to be made while the future asserted that the need for services of the midshipmen would be far greater ten years hence than now.

While conflicting views were expressed as to what the naval committee might recommend, questions at the long hearing today indicated a growing sentiment in favor of commissioning the first class, and getting at least an equal number of older men in the service, many of whom have reached the age of retirement and are reported to be anxious to get out.

Admiral Wilson pleaded earnestly for every man at the academy and especially for the first class, standing squarely with Secretary Denby who urged that the entire June class be commissioned.

Representatives Stephens, Republican, Ohio, and McPherson, Republican, Missouri and others indicated they felt the whole class should be put into the navy and older officers retired.

LEW WALLACE, JR. GETS APPOINTMENT

Washington, March 1.—Appointment of Lew Wallace, Jr., of Indiana, as secretary of the board of trustees of Postal Savings, was announced tonight by the treasury. He was formerly chief of the division of savings of the treasury.

MARK WILL SUCCEED LANDIS

Chicago, March 1.—Federal Judge Julian W. Mack of New York has been named to succeed Judge K. M. Landis, resigned, under a permanent appointment by President Harding. Judge George A. Carpenter announced today. Judge Carpenter and Judge Mack will hear all criminal cases and Judge George T. Page will hear cases in equity, pending the permanent appointment, it was announced.

EAST AND WEST IN WAR OF WORDS ON DEEP WATERWAY

Governors of Kansas and New York in Hot Debate

(By The Associated Press)

WASHINGTON, March 1.—The battle for and against the Great Lakes-St. Lawrence ship canal project was fought for nearly three hours today in a debate before the National Rivers and Harbors congress between Governors Allen of Kansas and Miller of New York.

Governor Allen aided by H. H. Merriek of Chicago, former president of the Mississippi association championed the project while Governor Miller took the negative side. As the verbal fray waged from the side to side with serious thrusts and parries the debaters were cheered apparently with impartiality.

There was no division, both governors agreeing that congress would be the final arbiter.

The cry of "sectionalism" early was brought into the joint debate of the governors. Governor Allen and Mr. Merriek attributed New York opposition to the St. Lawrence project to a desire to protect the interests of New York Harbor and state and New York Barge Canal.

Governor Miller denied and described sectionalism. Declaring he spoke from the national viewpoint, he marshalled arguments against proceeding with the project until after a thorough investigation had been made by experts and the project examined from all angles.

Governor Miller emphasized the cost of the project and branded the international commission's favorable report as "superficial." The cost, he added, would greatly exceed the estimate of \$250,000,000.

Cost of the project figured largely throughout the debate. In conclusion Governor Allen declared:

Question of Service. It isn't a question of cost, but it is a question of giving to 43,000,000 Americans of the middle west the use of this perfectly possible enterprise.

Governor Miller had the last word and declared that he and Governor Allen after all were very close together.

Replying to Governor Allen's declaration that congress should create a commission to "check up" the international commission's recommendations and determine upon the "method" of constructing the project, Governor Miller, urged that an impartial and expert commission be authorized and ended the fray with the statement "that if it is demonstrated that my support to it, no matter what it costs."

Governor Allen appealed to the imagination of his audience to visualize the results of the ship canal and its power development plans. The canal, he said, would bring the midwestern 1,200 miles nearer the Atlantic and enable direct, thru shipments to European ports. He declared that arguments against the canal because of ice, weather and other difficulties, applied with equal force to the New York barge canal. Construction of only 33 miles of canal actually was required, he contended, and not 1,800 miles as contended by opponents.

JAPAN TREATY IS RATIFIED

Washington, March 1.—Taking its first ratification roll call on the series of international covenants negotiated at arms conference the senate today ratified without reservation or amendment the treaty with Japan confirming American cable and radio rights on the island of Yap. The vote was 67 to 22, representing a margin of seven over the necessary two thirds. The 32 Democrats voted in the negative.

EVOLUTION MAY DIE NATURALLY

Frankfort, Ky., March 1.—The Associated Press learned authoritatively that the "evolution bill" will not be reported out of the house rules committee. This will kill the measure, which would prohibit the teaching in tax-supported schools of the state, of anything that would "undermine the faith" of students. Protests against the bill have been received from educators throughout the United States.

SPEAKERS URGE DEVELOPMENT OF WATERWAYS

Annual National Rivers and Harbors Congress Opens

(By The Associated Press)

WASHINGTON, March 1.—Development of waterways transportation in the interest of national commerce was urged by speakers at the opening session today of the seventeenth annual convention of the National Rivers and Harbors Congress.

Speakers included Ambassador Jusserand of France; Theodore Roosevelt, assistant secretary of the navy and Senator Ransdell, of Louisiana, who expressed himself as favoring a congressional appropriation of at least \$50,000,000 for waterways development, but who said he feared only about half that amount would be made available.

Colonel Roosevelt, defined what he termed "soft headed pacifists" and "hard headed peace lovers," groups into which he said the nation apparently divided in discussions of peace. He said he considered a "considerable element of opinion" to "shout for total disarmament, or for cutting the navy to almost nothing," and he urged that public attention be given only to the "hard headed peace lovers."

Considerable discussion greeted the declaration of Ambassador Jusserand that France must meet her debts and that he was "one of the 39,000,000 Frenchmen who feel that way."

Citing the growth and development of water transportation the ambassador reminded the delegates that the ship used by Columbus when he came to these shores was but 100 tons and he told of barges of 300 tons capacity plowing thru the canals of France.

The congress will continue thru tomorrow.

CALIFORNIA MAN IS GIVEN LESSON IN HIGH FINANCE

Borrowed \$100 in 1897, But Read the Figures for Yourself

(By The Associated Press)

SAN JOSE, Cal., March 1.—When George Jones borrowed \$100 for three months at 10 per cent interest monthly January 18, 1897 from Henry R. Stuart, he did not figure perhaps, that the loan would lead up to a judgment against him for \$304,840,332.92, 685.16 in the superior court today.

"Compound interest" is the explanation. Stuart charged that Jones disappeared after the loan. He reappeared recently and Stuart brought suit, holding that the debt was not outlawed because Jones had remained outside of the state. The court found for Stuart, named the figure and announced that it was "the only judgment it could return under the circumstances."

Counsel for Jones said that his client expected to go thru bankruptcy.

HAYS THANKED FOR HIS WORK

(By The Associated Press)

WASHINGTON, March 1.—A resolution thanking Postmaster General Hays for his great service he has rendered and for the enlightened policy he has instituted, was presented to him today at a luncheon given in his honor by the national welfare council of the postoffice department.

The resolution stated that Mr. Hays, in one year, had brought to the postal service a "finer spirit" which finds its reflection in an improved service and a more contented personnel, and commented on his activities in "liberalizing many restrictive regulations, improving working conditions and establishing of welfare councils."

JUDGE BELIEVES SOMEBODY LIED.

NEW YORK, March 1.—Asserting that "somebody has lied" supreme Court Justice Martin today announced he would ask a grand jury to inquire into testimony given in the divorce suit of Charles Vogt, outfielder of the Kalamazoo, Mich., baseball team against Mrs. Katherine Vogt.

Vogt testified his wife was living with another man. Mrs. Vogt testified she lived with her sister Mrs. Ella Moore and her story was confirmed by Mrs. Moore.

WOULD PAY SOLDIER BONUS IN ADJUSTED SERVICE CERTIFICATES

Would Enable Men to Obtain Funds from Banks Immediately After Their Issue—Would Make Unnecessary Heavy Draft On Treasury—Believe Will be Satisfactory

(By The Associated Press)

WASHINGTON, March 1.—Elimination of the cash feature of the soldiers' bonus bill but under a plan which would enable former service men to obtain funds from banks on adjusted service certificates immediately after they were issued is under consideration by majority members of the house ways and means committee as a possible solution of the bonus problem.

This would make unnecessary any heavy draft on the federal treasury during the next two years, while the refunding of the \$6,500,000,000 short dated debt is in progress and, it was said, would remove the fundamental cause of the differences in congress and between the administration and congress over the bonus question.

The task of working out the plan was assigned today to a special sub-committee appointed by what was described as "unanimous consent" after the majority members had failed to agree on any method of financing the cash payments. The sub-committee had its first meeting today.

Emphasizing that the suggested plan was in only the "incubation" stage, Representative Longworth of Ohio, said it probably would be a week or more before the sub-committee had completed its work. Whatever program is agreed upon must be submitted to the other majority members for a decision and it appeared probable that it would be at least a month before whatever bill was agreed upon would be ready for the house.

Committee members said it was not proposed to change the vocational training, farm and home aid and land but to add some features of the Fordney bill.

Some thought the certificate feature would be so attractive that a great majority of the men would elect that option.

Under the plan now contemplated the face value of the adjusted service certificate would be equal to the sum of adjusted service pay of the veteran (\$1.00 a day for domestic service and \$1.15 a day for foreign service) less the \$60 bonus paid at the time of discharge, increased by 40 per cent, plus interest thereon for twenty years at the rate of 4 1/2 per cent a year compounded annually. The total face value would be approximately 3.28 times the amount of cash that a veteran would have received under the cash feature.

Would Pay Fifty Per Cent. Immediately after the certificate was received the service man could obtain from a bank an amount equal to fifty per cent of the total of the adjusted service pay. If at the expiration of three years the sum thus obtained plus interest had not been paid by the service man the bank could make demand on the federal treasury for the amount due. The government thus would take over and carry the loan.

Provisions respecting loans to be made by the government on the certificate after three years from their issue would be retained in the bill, it was said. Under these provisions, if the loan were made within three to five years after issue the amount could not exceed 90 per cent of the sum of the adjusted service pay, plus interest from the date of issue with a rate of 5 1/2 per cent compounded annually. If the loan were made after five years, the amount could not exceed 80 per cent of the sum of the adjusted service pay increased by 40 per cent plus interest from the date of issue at the rate of 4 1/2 per cent compounded annually.

Representative Longworth expressed the opinion that the suggested plan if it could be put into workable form would meet the approval of President Harding, the house and senate. He also thought it would be acceptable to the service men. This view was shared by several other committee members.

The agreement to undertake the working out of a compromise plan was declared after there had been another test of strength on the proposal made by President Harding that the cash bonus be financed by means of a sales tax.

TOWN OF STEELEVILLE WAS BIG FIRE

CHESTER, Ill., March 1.—The business section of Steeleville, 17 miles north of this city, was virtually destroyed by fire late last night according to report received here today. The damage is estimated at nearly \$100,000. The telephone exchange was wrecked cutting off telephone communication.

ILLINOIS COAL OPERATORS ASK FOR CONFERENCE

Notify Lewis They Have Invited Frank Farrington

(By The Associated Press)

CHICAGO, March 1.—Illinois Coal Operators today notified John L. Lewis, president of the United Mine Workers that they had invited Frank Farrington, head of District No. 12, to arrange an immediate conference between the operators and miners of Illinois.

The action was taken, according to the operators, because of the failure of plans made by Mr. Lewis for a joint wage conference in the central competitive field. It was suggested that the meeting, which would consider a new wage agreement in the Illinois District to replace the joint contract which expired March 8.

Mr. Farrington stated that he had twice accepted invitations extended by Mr. Lewis to "meet for the purpose of discussing the propriety of holding an interstate joint conference." In each instance they have been notified that the meeting would not be held, the operators said.

"In justice to the public, to the miner and to the operator we can see no reason why because of the failure to confer in other states a definite attempt to reach an agreement in Illinois should not be made," the letter said. "We have carefully studied among ourselves terms, conditions and rates on which we are willing to make a contract and we think an opportunity should be given to the operators in Illinois to discuss with you and your associates in Illinois the whole problem of production coal in the state."

"We realize as the coal miner in this state must realize, that a large reduction in the cost of production of coal must be made before any general improvement in business conditions can be brought about. We believe also that by a earnest effort on the part of the operator and miner the serious problems involved in the production of coal in Illinois can be settled and settled fairly to the public as well as to those interested directly in the industry."

The investigation was signed by the Illinois Coal Operators' association, the Operators' Association 5th and 9th districts and the Central Illinois Coal Operators' association.

MINERS ASK RECALL OF MINE INSPECTOR

HARRISBURG, Ill., March 1.—A petition signed by six thousand Saline county coal miners asking for the removal of Thomas English as state mine inspector for this district has been forwarded to Governor Small. The antagonism against English started in the Harco Local and spread to practically every mine in the county.

Princess Mary is no doubt a very fine young English woman, nevertheless most Americans will be glad that her wedding is a social event of the past.

This is the last day for filing for candidates for county office. There are various rumors as to the hour of filing, but the suspense will soon be over and the various candidates will know just the competitors that they must face.

Because of charges and counter charges the U. S. District Attorney's office in Chicago is to be investigated. Attorney General Cougherty has asked the Chicago bar association and another prominent organization to suggest names from which he will choose a committee to investigate. The method that the attorney general

has outlined will guarantee a searching and non-partisan investigation.

Governor Small can be credited with a further victory in the Illinois road building situation, since the last bids for cement are lower than the January figure, and reach a point that the governor had previously suggested as reasonable. The governor's attitude in his unwillingness to award road building contracts regardless of price has saved a very considerable sum for the tax payers.

Representatives of the office of secretary of state are coming to Jacksonville soon to co-operate with the police department in enforcing the state traffic law. This means that you had better get a 1922 license plate for your automobile, and incidentally observe other provisions of the traffic measure. The state officials are evidently going to be more strict this year than last. It was not until June or July of 1921 that the representatives of the state went from county to county looking for plateless cars.

The federal grand jury in Cook county has sent in a report condemning the jail and demanding that a new one shall be built. If recommendations from federal grand juries receive the same consideration that is given recommendations from other grand juries, the old jail will still be found housing offenders years hence. It was the custom for a long period for the Morgan county grand jury to suggest certain betterments at

the jail and the county home, but the money for these improvements has never been available.

WILL SEEK TO ENFORCE MOTOR VEHICLE LAW

State Investigators to Come Here About March 13 to Co-Operate With Police Department in Enforcing Law's Provisions.

Several automobile investigators are to come to Jacksonville about March 13 to co-operate with the police department in enforcing the provisions of the motor vehicle law. This fact was made known yesterday following receipt by Chief of Police Kiloran of certain information from Secretary of State L. L. Emerson. The purpose of the investigators is to bring about compliance with the law, and early registration of cars.

It is expected that as a result of this local campaign that car owners will immediately proceed to secure their 1922 licenses. There are no discounts obtained by deferring application for licenses and so car owners have nothing to gain by delay.

The campaign which is to be started here is similar to those which have been in progress in various cities of the state and the results have been very satisfactory in practically all instances. People as a rule, are willing to comply with the provisions of the law when their attention has been called thereto.

Prompt service is being given by Secretary Emerson's office and plates are usually mailed out within two or three days after applications are received.

Chief Kiloran advises car owners who have not done so to mail their applications for automobile licenses to Secretary of State Emerson in Springfield and thus avoid taking any risk in the matter.

ROTARY CHIEF TELLS ABOUT CLUB'S IDEALS
Charles Taylor of Harrisburg Made Inspiring Address at Weekly Luncheon of Rotary—Service Shown as Only Thing That Counts.

Charles Taylor of Harrisburg, district governor of Rotary clubs, made the Jacksonville club a visit Wednesday. For that reason the weekly luncheon of the club was changed from Friday to Wednesday. Mr. Taylor has 55 clubs under his jurisdiction, so that the visit from him can not be expected oftener than once a week. His address was of a kind to impress Rotarians anew with the thought that they must really enter into the spirit of the club motto: "He profits most who serves best," if they in any manner measure up to the ideal of Rotary.

Rev. M. L. Pontus, past president of the Rotary club, presided yesterday and introduced Mr. Taylor in an appropriate way. E. B. Platt of St. Louis was the guest of James Guyotte and favored the club with several solos that were thoroughly appreciated. Mr. Platt was formerly with the Princeton West minstrels and is an accomplished musician. He played his own accompaniments.

Other guests of the day were Bruce Croswaite, Bloomington; Frank Briery, Peoria; W. C. Fowler, Chicago; Walter Tobais, Peoria; Felix E. Farrell, president Jacksonville Kiwanis club, and W. A. Berryman a member of the club.

LOVE EGYPT.
Governor Taylor, who is that part of Illinois, known as Egypt, and he is proud of that fact. In picturesque language he told of his affection for his home city and southern Illinois, where he has spent all the years of his life, and said that he believes in a man who believes in his own town.

"The worth while man," he said, "is the one who likes his home city and county and thinks that the place where he resides is the best that exists. If he does not feel that way he should move on to some other locality, and it is that very principle that applies to the alien who does not like our customs and institutions. Their recourse should be immediate return to the land from which they came, and as a good citizen and Rotarian I would be glad to help pay their expenses at least half way across the sea."

"It is the special duty of good citizens these days to support their government, no matter whether or not they happened to be in favor of the election of the man who at this time happen to represent the government. In our own state some things may not be just as we would have them, but our method must be to apply the knife to the bad spots and not do injury to the whole state. The organization of Rotary came just seventeen years ago, and now the organization has spread all over the face of the earth. There were forty-eight clubs in Illinois when I came into office and now there are fifty-five, with eight or ten other cities planning for admission."

The Bond of Sympathy.
"Years ago when Jane Addams was a child she lived away up on a hill side. One day she asked her father to let her go down into the valley and play with the children of the mill workers. She did, and at night when she thought of the little girl talked to her father. She said: 'Dad let's move down into the valley, so that I can play with the children every day.' It was that same instinct that in after years enabled Jane Addams to found Hull House, to place herself in the very area and atmosphere where the people are she hoped to aid."

"Any man on the street and in other walks of life needs your sympathy and interest. You can not gather all the people together merely by the ringing of the church bell. You must get into sympathetic touch with them and come into some common understanding of their problems. That very thing is one of the duties of Rotarians. I like to think that the Rotary spirit teaches optimism, helps us to look for goodness and for the brighter day that is always sure to come."

"In the animal kingdom honor is paid the lion for his courage and strength, and some less admirable qualities are overlooked. But the custom with men is to base estimates upon the bad traits that people may have, rather than the good qualities which usually are so much more numerous. Optimism is the duty of Rotarians. Another line of duty is in promoting the best standards of business. The retailer in fixing his prices should take into account the interest of his customers and demand only a fair profit. The day has gone by when a successful business can be conducted upon any crooked principles or upon deceit."

Turning to activities among boys as one of the chief functions of Rotary, Governor Taylor related a number of incidents to show how a comparatively small thing may change a boy's life. He said that it is much easier task to make good citizens out of boys than it is to remake men who have gone wrong. Then he made eloquent reference to Lincoln's conception of duty, his service to others, and closed with the verses given below:

OTHERS
"Lord help me to live from day to day,
In such a self-forgetful way
That, even when I kneel to pray
My prayer shall be for others.
Help me in all the work I do
To ever be sincere and true
And know that all I'd do for you
Must needs be done—for others.
Let 'self' be crucified and slain
And buried deep; and all in vain
May efforts be to rise again
Unless to live—for others.
And when my work on earth is done
And my new work in Heaven's begun

May I forget the crown I've won
While thinking still of others.

Others, Lord, yes others;
Let this my motto be:
Help me to live for others,
That I may live like Thee.
Governor Taylor's message was received by the Rotarians with a marked degree of interest.

WOODSON RED CROSS MEETING

Was Held Wednesday Evening—Interesting Program Given.

One of the most successful and enthusiastic Red Cross meetings held in the county this season, was that held in Woodson last evening when the Red Cross Nursing Activities Committee met for the regular monthly gathering. A large number of people from different parts of the county were present and the reports given at the meeting showed the splendid, beneficial type of community work which this division of the Red Cross is doing.

The program of talks and addresses given by Red Cross workers in the county and by pupils of the Woodson schools was especially interesting in scope. After the program an excellent cafeteria supper was served by the ladies of Woodson.

The meeting opened with an address of welcome by Mrs. W. T. Craig, chairman of the Red Cross Nursing Activities Committee in Woodson. After a few appropriate remarks Mrs. Craig turned the meeting over to Miss Grace Carter, the county chairman and the following program was given:

Song school.
Roll Call.
Minutes of last meeting.
Reports from Branches—Woodson; Concord.
Recitation—Toast to Milk, — Mary Sardy.
Address—Our Red Cross — Mr. Earl Spink.
Solo—He Wouldn't Use His Toothbrush—Eloise Self.
Recitation—Lester Henry.
Song—"Gems" by school.
Jerry and Joe —Helen Sturdy, and Ralph Jones.
Recitation—Junita Brodgen.
Story—"The Princess Who Could Not Be Silenced"—Mrs. Scribner.
Recitation—Harry Kimer.
Miss Moede, Community Waverly.
Recitation, Frank Powell.
Dr. Ball, General Health Consideration—Child Hygiene Division.

Song by all—"When the Health Fight We Have Won."
Among others who aided in making the meeting a success were, Mrs. W. T. Craig, Mrs. Powell, Mrs. Gallagher, Mrs. Ruth Mellor and J. C. Colton. The excellent cafeteria supper was served by the Parent-Teachers' association of which Mrs. R. N. Jones is president.

BILLINGS FUNERAL IS HELD AT MANCHESTER

Aged Resident of Scott County Laid to Rest Wednesday Afternoon—Other News From Manchester and Vicinity.

Manchester, March 1.—The funeral of the late Marion A. Billings was held at the Manchester Christian church at 2 o'clock Wednesday afternoon, in charge of Rev. N. M. Antrobus. Music was furnished by Mrs. J. H. Langdon, Mrs. C. D. Chapman, and C. L. Leitze.

There were many beautiful floral offerings and these were cared for by Miss Lena Hayes, Mrs. Sadie Hudson, Mrs. L. M. Parks and Mrs. Ray Smock. The pall bearers were, M. B. Barnes, N. J. Billings, Kenneth Smock and David Van Gieson, Wilton and Guy Hudson.

Among those who attended the funeral from out-of-town were, Mrs. M. L. Parks, Greenfield; M. B. Barnes, St. Louis; Oliver and David Van Gieson of Pawnee; Mrs. James Overton, Winchester; Mrs. B. F. McCracken visited at the home of Curtis Kelly Tuesday and Wednesday.

Mrs. W. F. Ellington received word Wednesday of the death of her brother-in-law, Fletcher Wylder, at Modesto.

C. H. Sutton held a public sale at his farm near here Wednesday. On account of the bad weather the attendance was only fair, but satisfactory prices were realized. The Ladies' Aid of the Methodist church served lunch and realized a very tidy sum from their efforts.

NOTICE TO TAX PAYERS
The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

EULOGIZE LIFE WORK OF MR. WORTHINGTON

Resolutions Adopted by Springfield Alumni in Memory of Deceased College Trustee.

At a recent meeting of the Springfield Society of Illinois College a resolution of regret with reference to the death of Honorable Thomas Worthington was adopted. This resolution was sent to the Journal for publication, by L. E. Stone, who has been the secretary of the Springfield Society and is now the president. The language of the resolution follows:

"Whereas, in the death of Hon. Thomas Worthington, the State of Illinois has lost a distinguished citizen, and Illinois College a most loyal and devoted friend, supporter and benefactor; whereas, we the members of the Springfield Society of Illinois College, hereby feel the loss of one whose life and activities were so closely identified with the welfare of the college; therefore, be it resolved, that we, the members of the Springfield society, hereby express our appreciation of the life and services of Mr. Worthington and his steadfast, intelligent and loyal support of the college and its various activities, and we further hereby express our sincere regret at the death of one who has contributed so largely to the upbuilding and development of our alma mater in all its varied and extended sphere of usefulness, and resolved that a copy of these resolutions be given to the press and that a copy be delivered to the members of the family of Mr. Worthington."

The Greater Claim
Featuring Alice Lake and Dickie Headrick
The child actor and swimmer who played in "The Child Thou Gavest Me" is engaged for part after Alice Lake reads script
Little three-year-old Master Richard Headrick, better known to intimate and screen friends at "Itchie," plays a charming part in Alice Lake's newest picture, "The Greater Claim."
His engagement with Metro for this picture has a delightful history. After Miss Lake had finished reading the story of "The Greater Claim," she rushed to the casting office and asked that the lad be given the child part. Fortunately, he was not engaged elsewhere, and was at once cast for the role of her son.
Her wild annulment party staged at a fashionable cabaret was the astounding sight that met her husband's gaze upon his return. A story of the white lights and mother love.
What do you think of chorus beauties who rope in wealthy sons and marry them? Are they designing hussies, or are they behaving sincerely?
"The Greater Claim," a special starring Alice Lake, begins with just such a situation. The father does not believe in chorus girls, for he kidnaps his son and ships him off to sea. See this fascinating picture. You will enjoy it.

POLICE ARREST
TWO BURGLARS

Take Two Mt. Sterling Men Into Custody Wednesday — Robbed Nine Stores in Brown County City.

Acting on information from the sheriff of Brown county, Patrolmen Baker and McGinnis arrested Charles Factor and William Calvo of Mt. Sterling as they alighted from the east bound Wabash train Wednesday morning.

The men who are residents of Mt. Sterling, had committed burglary on the wholesale plan Tuesday night, robbing nine stores in that city.

The men were taken to the police station examination of a suit case one of them carried showed it filled with loot valued at nearly \$500.

In addition to this the men had cash to the amount of about \$50 which was secured in the burglaries.

Most of the loot was secured from a jewelry store in Mt. Sterling. It consisted of knives, forks, spoons, rings, watches and in fact almost everything to be found in a jewelry store. Chief Kiloran said it looked as tho the men had taken everything in the store.

The money was secured from cash registers in the various stores. In one place they got about \$30, while the remaining stores in small change.

After the arrest of the men Chief Kiloran notified the Brown county sheriff that the men were in custody. The officer is busy in court and asked the chief if he could send the men over with an officer. Accordingly Chief Kiloran sent Patrolman McGinnis over with the men on the flyer yesterday afternoon.

FREEPORT, Ill., Mar. 1.—Bishop P. J. Muldoon, today appointed M. Clenens Kalvelage, Freeport vicar general of the Rockford diocese to succeed the late Monsignor Bennett of Sterling. Monsignor Kalvelage has been pastor of St. Joseph's church of this city, nearly 50 years.

SPRINGFIELD, Ill., Mar. 1.—Both as a corporation and as individuals, C. M. Bennett & Sons, grocers, of Clinton today filed petitions in bankruptcy in the federal court. Company assets were listed at \$4,000 and liabilities \$15,098. C. M. Bennett scheduled assets at \$1,750 and liabilities \$519.20, and Wilmer Bennett, assets, \$3,905 and liabilities \$5,995.

MADISON, Wis., Mar. 1.—Mrs. William Vilas, widow of the former postmaster general, Col. W. F. Vilas, died at her home last night after a lingering illness. Her husband was a national Democratic leader for years.

MILWAUKEE, Mar. 1.—Five men held up and robbed William Ormsby, payroll clerk of the Palm Olive company of \$19,000 here this morning, just as he was getting out of a taxicab at the company's plant. After taking the money, the men fled in an automobile, followed by Ormsby in the taxi cab but were lost to him after a chase thru downtown streets.

GALESBURG, Ill., Mar. 1.—Helding College will remain at Abingdon, trustees of the college decided on the final ballot taken here early this morning at their meeting to determine location of the college following offers from Rock Island and Bloomington for removal to those cities. Abingdon agreed to build a gymnasium and a new science hall for the college and to assist in a drive for enlargement of the student body.

DES MOINES, Ia., Mar. 1.—John Tyler, a farmer living near Hastings, Iowa, is dead as the result of a peculiar accident suffered last night. Tyler staggered into the home of a neighbor and said he had fallen down an embankment. Before he could explain details he died. A long tree twig was pierced thru his neck, falling down the embankment Tyler is believed to have fallen on the twig.

MARCH COMES IN LIKE A LION
Chicago, March 1.—Spreading a white blanket of snow over Indiana, Iowa and Missouri, March coaxed into Chicago today burdened with cold and snow.

Fear of further flood damage in parts of Illinois and Wisconsin was lessened by the sudden cold which blocked many streams with ice jams.

The storm was not confined to the north alone for in southern Indiana there was rain and sleet and all the way down to the gulf rain and high winds swept across the country.

Alabama PEOPLE
MONTGOMERY, Ala., March 1.—Resolutions were adopted at a mass meeting tonight endorsing the offer of Henry Ford for the Muscle Shoals projects and opposing the Alabama Power company proposition.

MUST BE GOING TO HOLLYWOOD

(By The Associated Press)
NEW YORK, March 1.—W. G. McAdoo, secretary of the treasury under President Wilson, announced tonight that he will leave New York, his home since 1892, and settle in Los Angeles.

With Mrs. McAdoo, he will leave for the Pacific coast on Friday. His son, Francis McAdoo, will succeed him as a member of the New York Law firm of McAdoo, Cotton & Franklin, of which he was a senior member.

"It is in answer to the call of the wild that we go west," Mr. McAdoo confessed. "The great open spaces where one can ride and climb and swim whenever the heart desires—and still keep on with the business of life."

"My work in connection with the Hudson Tunnel followed by six strenuous years in the United States treasury with the additional burden of being director general of railroads sapped my vitality. I want to feel a broncho between my knees and go exploring in the mountains."

CARL MAY'S SIGNS WITH N. Y. AMERICANS

HOT SPRINGS, Ark., March 1.—Carl May, last year's leading pitcher of the New York Americans today signed a contract for the 1922 season and Babe Ruth has tentatively agreed on terms for this year, Col. T. L. Huston, part owner of the team announced today.

Ruth's terms have not been completed he added, and the tentative terms would be submitted to Colonel Ruppert, the other owner.

LAYTON RETAINS THREE CUSHION TITLE

MILWAUKEE, Wis., March 1.—Johnny Layton retained his title as champion three cushion billiard player of the world tonight by defeating Alfredo D'Oro challenger in the final block of the three block match by a score of 6 to 44, in 68 innings.

MICHIGAN WILL HAVE 17 AT ILLINOIS

ANN ARBOR, Mich., March 1.—Coach "Steve" Farrell of the Michigan track team, has decided to take a squad of 17 to the Illinois Carnival to be held Saturday. All the special events and three of the relays, mile four mile and Medley will have Wolverines among the starters.

ALL READY FOR BIG BASKETBALL TOURNEY

First Game Will be Played in David Prince Gymnasium This Evening at 7 o'Clock—Three Games Scheduled for This Evening—Locals' First Game is Friday Afternoon

All is in readiness for the twelfth annual basketball tournament which starts in David Prince gymnasium this evening. The first game on the schedule is between Bluffs and Bath, two teams in the Class B division.

The first game is scheduled for 7 o'clock and will be followed with two others which will give fans plenty of excitement for one evening. The second game will be between White Hall and Ashland and the last game between Meredosia and Franklin.

Not much is known here about the strength of the Bath team. However, Bluffs has been going well this season and is looked upon as one of the contenders in her division.

White Hall is regarded as one of the strongest teams in the tourney. The team has been going great guns and has a record of

nine straight victories. Ashland also has a strong team and only recently defeated Waverly by a good sized score.

Meredosia and Franklin should furnish a good contest. The river town five has a good record but not so good as Franklin. The latter team is one of the best in the tournament and if it plays up to form should come thru in its division.

Indications point to the largest attendance in the history of the tournament. White Hall probably will have the largest delegation as it has reserved nearly 100 seats for the entire tournament.

Jacksonville does not appear this year until Friday afternoon when she meets the New Berlin team. New Berlin always has a good team and should give Jacksonville a hard battle. However, if Coach Mitchell's men are in form they should win the game.

SMALL ASKS SUPPORT FOR CANDIDATES

(Continued from page 1)
"I could go into great detail and tell you of the pressure that has been brought to bear upon me and the threats that have been and are still being made and the attempts that have been made to intimidate me and break me down by indictments and other vicious means. But I have stood firmly for my campaign promises and principles and what ever may happen to your governor, I shall never give up the fight to see that the people of Chicago are given the rights which belong to every American citizen and that is either to enforce the contracts which they have made for a five cent fare, or the right to own and operate, if they so desire, their own street cars in the interest of all the people and that the people of every city of Illinois be given the right of home rule in the management and control of their public utilities."

"These are not political questions my friends. They are not party questions. The building of roads at a reasonable price, the stopping of profiteering is not a political question."

SEALED VERDICT IN PICKFORD CASE

NEW YORK, March 1.—Federal Judge Mack reached the conclusion today that either Mary Pickford or Mrs. Cora W. Wilkenning, who sued the actress for \$108,000 had deliberately lied, and he left it to a jury to decide which one was guilty. The jury returned its decision this afternoon, but as Judge Mack had gone home, the verdict was sealed and the question will not be publicly settled until tomorrow.

The lie, according to the judge rested in the conflicting stories of the methods Mary used in 1916 to get Adolph Zukor to raise her salary from \$4,000 a week to \$10,000.

Mrs. Wilkenning whose business is that of locating jobs and better salaries for people who live by amusing others claimed it was she who persuaded Mr. Zukor to raise Mary's income. She said the secret star came to her and told about hearing that Charlie Chaplin was making million dollars a year and she thought her curls and her pout were worth just as much as the comedian's derby and shuffle, or words to that effect.

According to Mrs. Wilkenning's story it was agreed that she would get other producers to bid for Mary's services which would force Zukor to raise the ante and then she would get ten per cent commission on the new contract. Thus she claimed 108,000 as her commission and extra charges because Mary got \$10,000 a week contract running for two years.

Mary, who was in court today with her husband Douglas Fairbanks and her mother, denied Mrs. Wilkenning's story. Her lawyers told the jury that Mary was such a good actress that producers came to her with tempting contracts and that it was silly to think that she would have to run around looking for a job.

"This interview between the plaintiff and the defendant, either took place or it did not take place," said Judge Mack, addressing the jury. "One or the other has deliberately lied."

Then he told the jurors that if they found Mary had been the one who slipped from the path of truth they could award Mrs. Wilkenning any sum up to \$108,000.

EXPECT ARREST OF SEVENTH MAN.
LOS ANGELES, Cal. March 2.—The arrest of a seventh man in connection with the murder of William D. Taylor, film director was predicted tonight by officials assigned to the case.

The arrest, if effected would bring into custody a motion picture actor of prominence believed to have been in the confidence of peddlers of drugs and liquor, the officers said.

They declined to make his name public prior to the actual arrest.

PARENTS AND TEACHERS OF WHITE HALL MEET

Fine Program Presented at Recent Meeting of Parent-Teacher Association in White Hall.

White Hall, March 1.—The month of February expired with a most excellent session of the Parent-Teacher Association in the high school auditorium, which was addressed by Mrs. Young, of Chicago, state president, on the "Functions of the Parent-Teacher Association." Mrs. Posie Fry reported the state conference at Jacksonville, where she was a delegate, and Miss Fetro, community nurse, made a health report from the same conference, and also the results of her examination of the children of the junior high school and the grades, numbering 48. It shows that 25 percent are 10 percent under weight, and that a few others are under the 10 percent limit. 20 percent are normal in weight. 62 percent have defective teeth, including primary and normal teeth. As to their physical condition the children are on an average. A milk diet has been adopted for the children under weight 10 percent, and the condition of each child will be investigated each month. This dieting will be carried out at the school under proper regulations, and the association appropriated ten dollars to the fund for this purpose.

Enthusiasm began to still more manifest itself when Mrs. R. F. Ballard moved that "as representatives of the pupils, parents and teachers, we extend a vote of thanks to Mr. Seth N. Griswold for his generous gift of \$1,000 to the fund for the new high school." The motion carried unanimously, and another motion by E. C. Pearce that the association go on record as endorsing the action of the board of education in the purchase of the Griswold site for the new high school building.

The association is presided

In What Easier Way Can You Save Money?

—than by buying a pound of Jelke GOOD LUCK and coloring it yourself at home.

Color adds nothing to the flavor of GOOD LUCK—only to the looks. Many people do not bother to color at all; preferring the creamy-white of the natural goods.

If you prefer a yellow spread, however, it is but the matter of a moment to color two or three pounds.

Form into a neat roll, or repack into the carton or place in a crock. You will have a delicious spread made of the purest of ingredients.

And you will be saving money.

WILL INSPECT CROSSING ON CHICAGO & ALTON

The Sheppard Crossing of the Chicago & Alton road, located about two and a half miles north of Woodson, is considered dangerous by L. V. Baldwin, county superintendent of highways. Recently Mr. Baldwin has taken the matter up with railroad and state officials. As a result, C. N. Posegate, an engineer for the Illinois commerce commission, and officials of the road are to come to Jacksonville tomorrow to inspect the crossing. The conditions are such that the view of the track is badly obstructed and the grade of the highway makes it difficult to control automobiles. It is thought that as a result of the conference that satisfactory changes can be worked out.

CLUBS AND SOCIETY

Hostess to Wednesday Club.

Mrs. Ollie Parker was the hostess at the meeting of the Wednesday social club yesterday afternoon at her home on West State street. No special program was given and the members spent the afternoon hours in a delightful social way. The hostess served a dainty luncheon during the afternoon.

Centenary Ladies to Meet.

The Ladies' Aid society of Centenary church will meet this afternoon at the home of Mrs. W. H. Weatherford on South Main street. The members will please come prepared to sew as work will be done for the hospital.

History Class at Vosseler Home.

The History class met yesterday afternoon with Mrs. J. O. Vosseler as hostess at her home on West College avenue. In pursuing the study of the land of Japan, the subject for discussion yesterday was "Military Japan." Mrs. Harrison King was the leader for the day and all the members joined in a general discussion. Dainty afternoon tea was served at the close of the meeting.

Baptist Women Meet.

The Baptist Women's Union, a recently organized body which is a combination of the Ladies' Aid society and the Missionary society, met yesterday afternoon for the first time in the parlors of the First Baptist church.

Mrs. W. A. Swift led the devotional services and this was followed by a talk by Miss Olive Blunt on "The Orient at Our Door." The rest of the afternoon was spent with a social time and the ladies sewed for the Baptist orphanage. Dainty refreshments were served during the afternoon.

Brooklyn Mission Society Met.

The Woman's Foreign Missionary society of Brooklyn church met yesterday afternoon at the home of Mrs. Mary Moon on Arnett street. This was the regular monthly meeting of the organization and a large number of ladies were present. Mrs. Charles Hankins assisted Mrs. Moon as hostess.

After the routine business had been disposed of Mrs. M. M. Cordes led the devotional services. Mrs. G. W. Randle, the president, then took charge of the program which was a discussion of the fourth chapter of the study book. The work of the Woman's Foreign Missionary society. Several leaflets pertaining to the work of the society were read and a general discussion was held. Mrs. Elbert Whitlock and Mrs. John Kastrop assisted Mrs. Randle with the program.

The rest of the time was spent in rolling bandages for Passavant hospital and the ladies completed the making of 200 surgical dressings. During the pleasant social hour the hostesses served attractive refreshments.

Wednesday Class in Regular Session.

Mrs. Enslay Moore entertained the members of the Wednesday class yesterday afternoon at her home on West State street. Miss Minnie Coley had the paper and took as her subject "Whitland Reid." Miss Coley gave a sketch of the life and career of the well known American diplomat, prominent in the annals of this country as American ambassador to the court of St. James. After the paper and general discussion delicious afternoon tea was served in the dining room.

Gleaners Met Wednesday.

The Gleaners club of Ebenezer church met yesterday at the home of Mrs. Charles S. Black with Mrs. Ella Cully as hostess. Miss Dorothy Houston and Miss Hazel James played piano solos and Miss Edna Bracewell gave a delightful reading as part of the entertainment of the guests. The girl members of the club organized a rush surprise for Mrs. Ben Cully, who was recently married, and gave her a miscellaneous shower. During the afternoon very delightful refreshments were served.

Surprise Party for Matthew Minter.

Matthew Minter was given a most delightful surprise at the School for the Deaf last evening when members of Rebekah Lodge No. 13 joined in giving him a party in honor of his birthday which occurred yesterday. About seventy-five members of the lodge went up to the school at 8 o'clock and gave Mr. Minter a complete surprise. The party was held in the apartments of Col. and Mrs. O. C. Smith and it was largely due to their generous hospitality that the affair proved such a success.

Entertainment had been planned by the committee and the hours of the evening were pleasantly spent with dancing and cards. The orchestra had been engaged for the occasion and all arrangements had been made to make the evening delightful and the function a successful one. Delicious refreshments were served during the evening and a special birthday cake was presented to Mr. Minter. Col. Smith made the presentation speech. The cake was in a beautiful basket decorated with roses Mr. Minter responded appropriately.

Mrs. Elizabeth Betts was the chairman of the committee in charge of the party and she was assisted by Mrs. Sadie Bayha, Miss Minnie Scott, Miss Joyce Estaque, Dave Shadid and Leon Stuart.

William Hagan of east of the city was transacting business in Jacksonville yesterday.

FARM BUREAU NOTES

W. P. Flint, March 22nd.—Mr. Flint is the State Entomologist. He will be in Jacksonville in consultation with R. G. Harwood the assistant field entomologist now located here. As soon as we know the time that Mr. Flint will be here, we expect to arrange a meeting where he can discuss insect problems with those interested.

Waverly's Pig Club.—M. R. Malsbury, teacher of agriculture in the Waverly township high school, writes that they are going to have a real pig club. They have already sent for the manuals to keep their records in. They want the members of their pig club eligible to show at the State Fair.

Democrat Seed Corn.—The presence of chinch bugs creating considerable interest in chinch bug resistant corn. Edwin Goff, of Prentice; Ted Rutherford of Joy Prairie, and Samuel E. Davis of Orleans, have recently ordered White Democrat corn thru the farm bureau office.

Some Reports on Near East.—The reports from the elevators are just beginning to come in. The elevators are buying this corn at market prices so that the committee of which Mr. W. H. Crum is chairman will be able to buy a corresponding amount at some elevator in the county. The cash contributions have been received as follows: T. J. Ward, \$5; D. E. Kennedy, \$2.50; S. T. Zachary, \$2.50; Christian Church, Lynville, \$3; H. C. Lippert, \$15; Edw. Goff, \$15; C. F. Whemple, \$15. Grain contributions are as follows: 25 1-2 bu. corn, C. A. Rowe; 32 1-2 bu. corn, Gotfried Tensick; 5 bu. 40 lbs., John Laurie. The time of the free shipment has been extended to enable us to hear from all the elevators, precinct chairmen and others who may wish to contribute.

Interest in Limestone.—Several of our farmers have recently shown an interest in spring shipments of limestone. A. N. Carpenter, south-west of the city, purchased all of that stored at Woodson; Homer Rowland and Wm. Thies are figuring on a car at Markham; T. H. Stone, one at Chapin, and R. L. Harney is interested in a shipment at this time. The most of these men want limestone for the purpose of starting fields of alfalfa.

Farmers are Learning to Vaccinate.—In Knox county, the interest in vaccination of hogs by the farmers themselves has led to a provision by the farm bureau for a supply of serum and the purchase of vaccinating outfits. The farm bureau at Galesburg has found that it can get serum at 1c per c. c. and the vaccinating outfit may be purchased for \$9. A great many big farmers do not care to do their own vaccinating, but would prefer the regular veterinarian to do the work.

Plenty of Farm Help.—There seems to be an unusual number of married men seeking jobs on a farm. There are also quite a number of farmers seeking help. In a few instances both of these classes are looking for a man with a direct line of descent from the Gods. The farm bureau tries to keep some sort of record of the men who are placed thru the office but neither farmers or farm hands as a rule are business like enough to call the office when they have made a bargain. As a result of this lackness, we are apt to keep referring men to positions some little time after those positions are filled.

WEEKLY CROP REPORT FOR GREENE COUNTY

White Hall, March 2.—The weekly crop report for this locality finds winter wheat in a continued excellent condition, and bluegrass got a start to some extent during the warm days of the first three days of the week, ending Monday. It is interesting to note the scientific application to farming in these warm days. Farmers are watching and studying soil conditions in order to maintain a balance of the three elements. It is disclosed that the soils of this locality are becoming a little acid because of the depletion of the element of lime, and several cars of pulverized limestone have been received and placed on the wheat, which will be put to clover in the spring. The presence of acid affects legume crops first, and it is these crops that provide the element of nitrogen. Some farmers used phosphate rock last year.

The mean temperature for the week was 41.8 degrees, the mean maximum 51.7 and mean minimum 32 degrees. The highest reading was 70 on the 21st and the lowest 18 on the 24th. There was 0.36 inch precipitation on the 23rd and 0.61 on the 24th. Roads are rough.

Farmers are devoting considerable time to the telephone situation with the increase in rentals that is claimed that farmers can maintain and operate rural lines at 60c per month, whereas the new party line rate is \$1.50. They find considerable sentiment in town for a municipal exchange system, and the two interests may develop something tangible in the no distant future in order to meet the new telephone costs unless the established company sees fit to provide free county service, a step that would largely stop the agitation.

TO ATTEND FUNERAL.—Charles Blair and Charles Souza representatives of the Jacksonville Typographical Union, will go to Lincoln today to be present at the funeral of R. S. Crawford, who will be buried there. Mr. Crawford was for two years a resident in Jacksonville and died in Lincoln, Tuesday, from pneumonia.

OPERETTA WAS GIVEN BY FRANKLIN SCHOOL

Pupils of Grade School Presented "The Enchanted Wood," Wednesday Evening at Marquette Hall.

Franklin, March 1.—The pupils of the grades of the Franklin public schools presented the operetta, "The Enchanted Wood," at Marquette hall Wednesday afternoon. The attendance was very large in spite of the inclement weather conditions, and a very satisfactory sum was realized, which will be added to the library fund.

The children were trained by the grade teachers and their performance was such as to reflect great credit upon themselves and their instructors. The teachers are: Mrs. Clara Hart, Miss Gace Hill, Mrs. Dorothy Miller, Miss Maude Criswell. It is possible that the operetta may be staged a second time, as many who desired to see it were unable to be present Wednesday evening. The cast of characters is given below:

Fairy Queen—Florence Jolly.
Mother Goose—Lloyd Williamson.

Teacher—Pamella Tribble.
School children—Ruth Henderson, Frances Reagel, Winona Piper, Marlow Miles, George Calhoun, Russell Austif.

Tarlton Checks
The Newest in Scotch Worsteds
—It's been a long time since we were able to show our patrons and friends these delightful, imported, suitings.
—Tarlton checks make up into really distinctive, dressy business suits, one or two of which every good dresser should have in his wardrobe.
—Tarlton checks are among the most economical suitings made. In fact, it is almost impossible to "wear out" this material and yet it retains its original "looks" to the last.

PREPARE NOW for Baby's Coming

THE expectant mother owes it not only to herself to prepare for an easier delivery, but to her child who should be stronger, healthier and more robust thru her care and intelligence.
What is one of the most important things a mother-to-be should do?
The universal answer from thousands of experienced mothers is this: The mother-to-be should massage the muscles and nerves involved in the function of child-bearing, daily, with an application of Mother's Friend. Because—
Three generations of mothers record the virtue of Mother's Friend for not only allaying distress in advance, but for assisting nature in assuring a speedy recovery for the mother.
So thoroughly has Mother's Friend proven its wonderful efficiency in thousands of cases, that any expectant mother who does not employ its use as directed deprives herself of a powerful agent for her relief and well-being, during the period of pending maternity, and of her prospects for an easier delivery when the eventful hour arrives.
The women who appreciate Mother's Friend the most, and who are loudest in their praise of it, are those who unfortunately did not use it with their first baby and who, thru its use with the second one, were able to fully realize the almost unbelievable relief it gave.
Mrs. Olive Vandlen, 10 Grape St., Galipolis, Ohio, says: "Before using Mother's Friend I suffered from Wednesday till Sunday. With my next child I used Mother's Friend and was sick only about three hours."
Many doctors and nurses recommend Mother's Friend. For external use—it is perfectly harmless. Begin its use at once. Sold by all druggists.
WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

TWENTY ONE PATIENTS AT CLINIC YESTERDAY
Twenty-one patients were cared for at the Crippled Children's clinic held yesterday Dr. C. W. East of Springfield at the Red Cross headquarters at the Public Library. The clinic, which was one of the number that are being held for the benefit of Morgan County children, was one of the most successful that the Red Cross has held here. Miss Jacobina Riecke, Morgan County Red Cross nurse, was the nurse in charge of the clinic and a number of other local nurses assisted. Mrs. Roseman, state superintendent of Public Health nurses was present yesterday and assisted at the all day clinic. Dr. Ball of the Child Hygiene Division of the State Board of Public Health, who spoke last evening at the Nursing Activities Committee meeting in the afternoon, was also present at the clinic. Other doctors and nurses who came with Dr. East to conduct the clinic were Dr. H. C. Cook, W. E. Wegner, and Miss Rogers, all of Springfield. Miss Ellen Moede, the community nurse of Waverly was present and Miss Petro of White Hall came to the clinic and brought two patients.

NOTICE.
State of Illinois vs. County of Morgan. In the County Court of Morgan County In Probate. April term, A. D. 1922.
Robert L. Montgomery, Et Al., vs. Joseph Montgomery, Minor, Et Al.
Petition For the Sale of Real Estate.
To All Persons Concerned: PUBLIC NOTICE is hereby given that the undersigned, Robert L. Montgomery, guardian of Joseph Montgomery, minor son of James C. Montgomery, deceased, and conservator of Frances Welshman, adult daughter of James C. Montgomery, deceased, and the undersigned, May E. Strawn, guardian of Mary Louise Montgomery, minor daughter of James C. Montgomery, deceased, have filed in the office of the clerk of the county court of Morgan County, and State of Illinois, their petition for an order for the sale of the following described real estate, belonging to said minors, said adult daughter, and Antoinette Kemeys-Tynte, adult, (the last named consenting to said sale), lying situate and being in the said county of Morgan, and State of Illinois, and described as follows, to-wit:

Forty-four (44) feet and Two (2) inches off of the East side of Lots Eleven (11) and Fourteen (14) in Kitzer and Graves' Subdivision of out-lot One (1) in Chambers' Second Addition to Jacksonville, situated in the County of Morgan in the State of Illinois.

And that said petition will be heard on Monday, the first day of the April term, A. D. 1922, or as soon thereafter as counsel can be heard; at which time and place you may appear and object to said petition if you so fit.

Dated this February 27th, 1922.
ROBERT L. MONTGOMERY, Guardian of Joseph Montgomery, Minor, and Conservator of Frances Welshman, adult Ward.
MAY E. STRAWN, Guardian of Mary Louise Montgomery, Minor.

"DOMBEY & SON" GREAT SUCCESS

The picture, "Dombey and Son" shown at the high school Tuesday evening proved to be a great success. The crowd was larger than any that has ever assembled for the picture being shown at the high school and if such splendid patronage continues during the remainder of the series enough money will be raised to insure the purchase of a movie machine for the school. The school authorities hope that they are giving pictures that are the right kind of plays and representative of what the school stands for.

For the benefit of those who are somewhat dissatisfied with the actions of some of the young people at Tuesday night's performance the following notice, sent out to the teachers yesterday may be of interest:

"It seems to me that we as a faculty should do something to place a damper on the behavior of boys and girls whose emotional lives are so crude as to interfere with the enjoyment of our better people who attend the picture shows. A number of people whom we might call cultured attended our show yesterday evening and pronounced it one of the best pictures they had ever seen. However, they remarked that the conduct of the students was such as to interfere with the greatest appreciation of the pictures.

"The boys and girls of today have had their emotions played with by so many cheap novels and cheap picture shows that they really as a group do not have that fineness in their emotional natures which makes for the appreciation of the best. They cannot distinguish between what we might call mushy sensationalism and the true, wholesome emotional life.

"In the past it has been necessary that I remain in the balcony with the machines. I believe I can handle this matter fairly well as soon as I can get someone else to operate the machines so that I can be released. I believe you can do a great deal if you will take the opportunity in your classes to let the students know that they not only display a weakness in their own natures by such conduct but that they are creating a dissatisfaction on the part of a great many cultured people who attend the pictures. Please speak of this matter when the opportunity occurs."

White Rock Gasoline and Oil Station maintains office and truck service at the Bulk Head plant on East Morton avenue. Oils and gas delivered anywhere on short notice. Phone 1830.

THREE PETITIONS WERE FILED WEDNESDAY
Three petitions were filed Wednesday in the office of County Clerk G. L. Riggs, for place in the coming primary election. Herbert H. Vasconcellos seeks nomination as county superintendent of schools on the Democratic ticket; J. Marshall Miller is to be a candidate for senatorial committee on the Republican ticket and J. D. McLain, the third petitioner, will seek nomination as Republican assessor and treasurer.

CARD OF THANKS.
We desire to in this way express our thanks to neighbors and friends for the many acts of kindness during the illness and after the death of our father, John Barber. Especially do we wish to thank all those who so kindly donated the use of their cars, and those who contributed the beautiful flowers. The sympathy shown will never be forgotten.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out by pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people. It puts firm flesh on your bones, it rounds out your face, arms, neck, fills the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it foods your frame by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

SNOW AND RAIN TO
BENEFIT WHEAT CROP

By Associated Press.
CHICAGO, March 1.—Wide-
spread snow and rain likely to
prove of much benefit to the do-
mestic crop of winter wheat did a
good deal to bring about a decided
setback in prices today in the
wheat market here. The close was
unsettled 3 1/2 to 3 3/4c lower with
May \$1.12 1/2 to \$1.13 1/4 and July
\$1.20 1/2 to \$1.21. Corn finished
1 1/2 to 1 1/4c down, oats off 1/4c
and provisions at a decline of 1/4c
to 2/4c. With a blanket of snow over
great stretches of southwestern
territory that have been suffering
from prolonged drought, wheat
traders were prompt this morning
to begin changing from the buying
to the selling side of the market.
A material drop in wheat quot-
ations at Liverpool acted as an ad-
ditional motive for such action
and so likewise did notice of the
fact that the United States visible
supply was larger than a year ago
and that there was more wheat
too on ocean passage.

Failure to stimulate buying
based on bullish estimates of farm
stocks added greatly in the last
half of the session to sentiment in
favor of lower prices for wheat.
Gossop that the Canadian govern-
ment might reduce its crop esti-
mate 28,000,000 bushels was also
without much effect toward
bringing in buying orders. The
market however, rallied somewhat
at the last owing to profit-taking
on the part of houses that had
sold freely when the market was
higher up. Sharp declines in the
price of corn and oats resulted
from the downward swing of
wheat values. Announcement that
disappearance of corn during the
winter was the largest on record
was without any apparent influ-
ence as an offset. Provision prices
went down in line with the ac-
tion of the hog and grain mar-
kets. Packers were sellers of
lard.

Chicago Livestock Market

New Shoes for Spring

The very spirit of the dawning springtime is embodied in the graceful, artistic slippers and walking oxfords now being received daily from the manufacturers.

They're the sort of shoes that well dressed women will appreciate and enthuse over. They are modish and stylish, peculiarly appropriate to the demands of the season.

We have a wide assortment of styles and patterns, including, we believe, the one that just meets your need. May we not have the pleasure of showing you?

FATHERS AND SONS OF GRACE CHURCH MET

Banquet and Program at Grace M. E. Church Attended by Large Number of Men and Boys.

A father and son banquet was held at Grace church Wednesday evening. Between 120 and 130 men and boys were present for this interesting event, and all found the occasion very much worth while. The ladies of the church served the banquet, which was a splendid one, and later came the program.

Hugh P. Green was the toastmaster and filled the role with special ability. The Sunday school orchestra furnished a number of excellent musical numbers to the pleasure of the evening.

J. J. Reeve was the first speaker, his topic being "Son Thru Father's Specs." He made a strong appeal to both fathers and sons and the same was true of the next speaker, J. H. Dial, who discussed "Father Thru Son's Specs." Reginald Reid had for the theme of his talk "Baseball Corners," and Rev. T. H. Tull spoke on "Father and Son in the Church Pew." Both were heard with interest and profit by the large company. J. S. Findley, of the Y. M. C. A., was the next speaker and he brought out some excellent thoughts on the subject, "Happy Homeville."

A duet by Miss Beulah Tall and P. F. Phipps was one of the features of the program. The remaining numbers were:

- Big Fun—
- My First Girl—J. Suter.
- At the Circus with Dad—Alfred Capps, Jr.
- The Best Joke I Ever Heard—Arthur G. Cady.
- My Greatest Scare—Hugh Green.
- Mass Singing.
- Orchestra selection.
- Special stunts in charge of Arthur G. Cady and Fred Hopper.
- Benediction—Rev. T. H. Tull.

MATRIMONIAL

Taylor-Hughes.
Henry Orville Taylor and Miss Bess Louise Hughes were married at the Baptist parsonage Wednesday afternoon. Rev. A. L. Howells officiating. Mr. Taylor has recently been discharged from the Marine service and expects soon to take up secret service work. They will make their home in Waverly.

Price-Lewis.
The marriage of Reason Price and Miss Beulah Lewis, both of this city, took place Wednesday afternoon in this city. The ceremony was performed by Squire Theodore Johnson and was witnessed by Andrew Williams and Homer Barber. Both bride and groom are well known in this city and have a large number of friends to wish them much wedded happiness.

CHAPIN COTERIE HAD MEETING WEDNESDAY

Mrs. F. H. Nienhuuser is hostess to Coterie Members—Miss Sarah Cowdin Guest of Brother—Other Chapin Items.

Chapin, March 1.—Mrs. F. H. Nienhuuser was hostess to "The Coterie" Wednesday afternoon, March 1st. This was the first meeting since the open meeting during the holidays.

In the absence of Mrs. L. P. Cowdin the president, Mrs. C. H. Cowdin presided. Roll call was answered with current events.

Mrs. Alice Joy then read a very splendidly prepared paper on the "History of Jewish People Customs and Ceremonials." In honor "Caruso Week" the only music was Caruso records on the gramophone. During the social hour the hostess served dainty refreshments. Guests of the afternoon were Mrs. O. W. Lough, Mrs. G. A. Allen, Mrs. P. H. Ham and Mrs. E. E. Sidles.

Miss Sarah Cowdin is a guest at the home of her brother L. P. Cowdin, coming down from Macon Tuesday. She will return Thursday.

Mrs. E. F. Antrobus is quite ill suffering with a severe attack of rheumatism.

JACKSONVILLE OWES ME NOTHING

HARRISBURG MAN HERE.

Charles A. Taylor, of Harrisburg, district governor for Rotary clubs, who came here to address the local club yesterday, is still in the city. He will leave at noon today for Decatur, in company with Mayor Crabtree, to attend the Rotarian conference there in preparation for the state meeting. Mr. Taylor was one of the Liberty loan workers in Southern Illinois when Mr. Crabtree was the chairman of this area, and so the two have had a friendly relationship for a several years' period.

Mr. Taylor was a guest of Colonel Smith at the State School for the Deaf last night and made an address to the students there. This morning he will be at the School for the Blind, where Mr. Woolston has asked him to speak to the students.

SPRING DRESSES

A large and choice selection of the most recent creations for the new season. Exceptional values in Canton Crepe, Taffeta, and Crepe-de-Chine. None of these dresses originally priced to sell under \$27.50. We are opening the season with them at \$16.75.

SHANKEN'S

FUNERALS

Funeral services for Mayberry Bean were held from the Gillham funeral home at 3:30 o'clock Wednesday afternoon in charge of the Rev. C. D. Robertson, pastor of Centenary church. Deceased died at a local hospital.

Adams.
The funeral services in memory of Mrs. Florence Adams of St. Louis took place Wednesday afternoon. The remains when they arrived from St. Louis were taken to the Reynolds mortuary. Yesterday afternoon they were conveyed to Diamond Grove cemetery, where a brief service was conducted by Dr. F. M. Rule. The bearers were, John M. Rule, H. K. Chenoweth, Earl B. Wiswell and John G. Reynolds.

Alexander Smith, son of the deceased, who was summoned from New York on account of his mother's illness, accompanied the remains here from St. Louis.

"THE BEGGAR'S OPERA"

"A Classic," once remarked a bright person whose name escapes me momentarily, "is that which violent standard-bearers of virtue dare not show their ignorance by tampering with." "The Beggar's Opera," which comes to the Grand for one night only, Monday, March 6, nearly two centuries old, is such a classic. It removes the sentimentalities, the sentimentalities which cover a mass of human waste and worldliness with the "butcher-knife of its broad and brutal satire. It puts into the mouths of thieves, beggars and scoundrels, the snug sophisms with which those in high places palliate their violation of the Ten Commandments and the Golden Rule. Being aimed at those basic and perennial human frailties, selfishness, hypocrisy and treachery, its tone is strangely and filipantly modern.

MARCH FIRST ACTIVITY BELOW NORMAL

The number of deeds placed on record in the office of Circuit Clerk and Recorder Wanamaker Wednesday was not nearly up to the March 1 record. Last year more than thirty deeds were made a matter of record on the first day of March, in addition to numerous other instruments. Yesterday only five deeds were recorded, and the number of other instruments was smaller than for the same date in 1921.

This change in the number of instruments is due in part to the lesser number of farm sales during the past six months. Another reason is the fact that more than the usual number of sales made have been consummated at dates other than March 1.

HONE OF OLIVER ZAHN DESTROYED BY FIRE

The residence of Oliver Zahn, about two miles from Arezville, was totally destroyed by fire last evening while the family was attending church at Arezville. The place is known as the Zahn homestead and is the birth place of Howard Zahn of Jacksonville. The family had been away during the afternoon and returned home for supper and to do the evening chores after which they returned to town to attend church. There was insurance on the building and contents for \$1,000, which will not near cover the loss.

THE SIGNS OF SPRING.

The first robin of the spring was seen by Mrs. L. E. Engel Tuesday morning in the yard at her home on East Court street. Now with a blanket of snow covering the ground Mrs. Engel is not quite sure that a robin's coming really means that spring is here.

Mrs. Abigail Goodell of Webster Grove, Mo., is in the city on account of the serious illness of her sister, Miss Agnes Lusk.

FATS ARE GIVEN ABOUT EX-SERVICE MEN

Federal Hospitalization Plans for Mental Cases Progress on Satisfactory Way.

The conference of the neuropsychiatric specialists which concluded their discussions on February 14th forwarded their recommendations to Col. Charles R. Forbes, director of the U. S. Veterans' Bureau, today. The report of the committee states that the foremost consideration is the adequate federal provision for the hospitalization of ex-service men suffering from mental diseases. They state that the vocational training of these men will fail if a system of federal hospitalization does not exist where they can be treated and where individual care and study can be provided.

On the basis of this fact, the conference recommended that it was of paramount importance that such beneficiaries be cared for in special government operated hospitals. The committee estimated that 12 neuropsychiatric cases will be hospitalized before the "peak of this hospitalization load" is reached. 3,950 additional beds should be provided as soon as possible pending the establishment of such special hospitals. The committee estimated that the cost of providing the 3,950 beds for immediate use in new hospitals and in addition to existing hospitals is approximately \$10,000,000. It was strongly urged that the allocation of funds made available by the passage of any legislation in the present congress that the hospitalization of insane beneficiaries should be given priority.

Contract Hospital.

The committee stated that it was necessary to place a large number of men suffering from mental diseases in contract hospitals after the armistice because no adequate government facilities existed. It was estimated that half of the ex-service men hospitalized for mental diseases were in contract institutions. Due to the cessation of building during the war, the existing public institutions became overcrowded. The report states further that the money paid by the government for the maintenance of these patients in public institutions is not expended entirely for their care. "The Veterans' Bureau sincerely desires to substitute government care of these cases as soon as possible," the report of the committee states. "There is a wide-spread demand for this policy."

The conference report states that in spite of the disadvantages of contract care it is absolutely necessary to continue to employ it until the needed government facilities are made available.

Treatment of Epileptics.

The mental and social problem of the epileptic beneficiary of the U. S. Veterans' Bureau renders him unsuited for segregation as such, and it is wiser to handle the problem according to the progress of the disease, the committee recommended. The committee stated that it would be desirable to establish a small group of epileptics for intensive study of the problem as a whole in or near some center well adapted for this purpose.

Vocational Training.

The policy of providing special training centers for the vocational training of neuropsychiatric cases as at present carried out by the bureau was approved by the committee. It recommended that the medical director in charge of such training centers should be a competent neuropsychiatrist.

Commitment of Mental Cases.

Federal legislation which will effect legal control of patients suffering from certain types of mental disorders was recommended by the committee. However, the committee stated it was a legal question as well as a medical one.

Training of Neuropsychiatric Personnel.

The conference approved the recommendations which Director Forbes made to the hospital program committee to the effect that a training center should be established for the instruction of the personnel engaged in neuropsychiatric work. This personnel would include physicians, nurses and psychiatric workers. It was suggested that this training should be intensive in character and it should consist of lectures as well as actual laboratory and ward work. It was advised that this training center should be established immediately at St. Elizabeth's hospital, Washington, D. C., in order that this trained personnel would be immediately available when the special neuropsychiatric hospitals are constructed.

"The recommendations made by the leading specialists in mental diseases at this conference will be carried out to the best of my ability," Col. Charles R. Forbes, director of the veterans' bureau, stated today. "These recommendations have been made after a thorough study of the problem and represent the judgment of specialists and experts. It appears to me that the building of adequate hospital facilities for mental cases, as advised by the committee, is in immediate necessity. Until such hospitals are constructed it will be necessary for the veterans' bureau to avail itself of contract institutions which in many cases are not entirely satisfactory. The policy of the bureau in establishing training centers for mental cases met with the approval of this body. It also approved the recommendations which I made to the hospital program committee for the establishment of a training center for the instruction of neuropsychiatric personnel. The country is indebted to these specialists for the time which these

MURKAYVILLE DOMESTIC SCIENCE CLUB MEETS

The Murkayville Domestic Science club met in regular session Wednesday afternoon at the home of Mrs. S. B. Robinson, by whom the attending members were very pleasantly entertained. During the business session, the club voted Mrs. Dan Golliday a member. The club opened with the club prayer, followed by a selection on the Victrola. Members responded to the roll call by announcing, "my favorite flower."

Mrs. Arthur Seymour presented an interesting paper entitled, "Planting Shrubbery and Decorating Home Grounds," giving many good suggestions how to beautify the home. A selection on the Victrola, "Somebody's Mother," was enjoyed by all and was followed by a paper presented by Mrs. Ernest Jordan entitled, "Man's View of Woman's Education." This was an excellent contribution showing that the modern man's views differed greatly from his ancestors. There were only ten members present, many being kept away because of illness. Mrs. Roy Dille of Rockhouse, was a guest. The hostess

The insolent alarm clock that went off at the wrong time

For a little while it gave the call at 7 a.m., and was useful. When it began calling at midnight and 2 o'clock in the morning, it became a nuisance.

When tea or coffee stimulates the nerves at mealtime it seems pleasant, but when it gives the wake-up call at midnight and leaves nerves hungering for sleep at mid-afternoon, the pleasure is gone and serious harm is on the way. This often happens.

as pleasant and far more safe, to get the comfort of a hot meal-time cup of Postum—and to know that there's not going to be any irritation to nerves afterward.

Postum is delicious and satisfying, and it contains no element that can harm nerves or digestion. Postum is a safe and delightful drink for every member of the family, at any meal.

Your grocer has both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.
